WAWASAN UNTUK KESIHATAN

Malaysia akan menjadi sebuah negara dari individu, keluarga dan masyarakat yang sihat melalui sistem kesihatan yang adil dan saksama, cekap, mampu disedia dan diperolehi, berteknologi sesuai, serasi pelanggan dan bersesuaian dengan persekitaran. Sistem ini juga akan mengutamakan kualiti, inovasi, promosi kesihatan, hormat kepada kemuliaan insan serta menggalakan tanggungjawab individu dan penyertaan masyarakat ke arah peningkatan mutu kehidupan.

MISSI KEMENTERIAN KESIHATAN

Missi kementerian Kesihatan adalah untuk mewujudkan penglibatan dan penyertaan masyarakat untuk kesihatan bagi merangsang dan memudahkan rakyat untuk:

- Mencapai sepenuh kemampuan mereka dalam kesihatan.
- Menghargai kesihatan sebagai aset yang bernilai.
- Mengambil sikap positif meningkatkan lagi dan mengekalkan status kesihatan untuk menikmati kualiti hidup yang lebih bermutu.

VISION FOR HEALTH

Malaysia is to be a nation of healthy individuals, families and communities, through a health system that is equitable, affordable, efficient, technologically appropriate, environmentally adaptable and consumer-friendly, with emphasis on quality, innovation, health promotion and respect for human dignity, and which promotes individual responsibility and community participation towards an enhanced quality of life.

MISSION OF MINISTRY OF HEALTH

The mission of the Ministry of Health is to build partnerships for health to facilitate and support the people to:

- *Attain fully their potential in health.*
- *Motivate them to appreciate health as a valuable asset.*
- *Take positive action to improve further and sustain their health status to enjoy a better quality of life.*

PENDAHULUAN

PETUNJUK-PETUNJUK BAGI PENGESANAN DAN PENILAIAN STRATEGI KESIHATAN UNTUK SEMUA

STRATEGI SEDUNIA

Edisi “Petunjuk-Petunjuk Bagi Pengesanan dan Penilaian Strategi Kesihatan Untuk Semua (KUS)” ini merupakan edisi yang ke-21 sejak Rangka Umum yang pertama bagi penilaian digunakan dalam tahun 1985. Sehingga kini, senarai petunjuk-petunjuk global tidak berubah. Petunjuk-petunjuk ini adalah penting bagi negara-negara anggota Pertubuhan Kesihatan Sedunia (WHO) menilai strategi nasional masing-masing ke arah matlamat-matlamat KUS.

Berdasarkan kepada hasil dari pengawasan dan penilaian yang dijalankan secara bergilir-gilir oleh negara-negara anggota dan enam pusat penyelarasan kawasan Pertubuhan Kesihatan Dunia, Lembaga Eksekutif Pertubuhan Kesihatan Sedunia dan Persidangan Kesihatan Sedunia dapat menilai strategi KUS untuk seluruh dunia. Dengan pengawasan dan penilaian secara global petunjuk-petunjuk dapat diubahsuai bagi memastikan kesesuaiannya untuk negara-negara anggota. Dalam usaha pengubahsuaian ini, senarai tersebut dapat ditambahkan dengan petunjuk-petunjuk kecil dan petunjuk-petunjuk tambahan bagi memudahkan lagi kerja pengawasan dan penilaian.

PETUNJUK-PETUNJUK BAGI PENGAWASAN DAN PENILAIAN STRATEGI SEDUNIA

Pengawasan dengan menggunakan Rangka Umum Pengawasan (Common Framework for Monitoring, (CFM)) telah dijalankan dalam tahun 1982 diikuti dengan Rangka Umum penilaian (common framework for Evaluation (CFE)) dalam tahun 1985. Pengawasan kedua dijalankan pada tahun 1988, juga diikuti dengan penilaian dalam tahun 1991. Pengawasan kali ketiga telah dijalankan pada tahun 1994 dan diikuti dengan penilaian dalam tahun 1997.

Perkara-perkara yang diliputi dalam Pengawasan dan Penilaian Rangka Umum yang terdahulu adalah seperti berikut:-

- a) Proses dan mekanisma pengawasan dan penilaian
- b) Dasar-dasar dan strategi kesihatan kebangsaan
- c) Pembangunan sistem-sistem kesihatan
- d) Tindak-tanduk antarabangsa
- e) Jagaan kesihatan yang disediakan
- f) Taraf kesihatan dan sosio-ekonomi

Dalam pengawasan melalui Rangka Umum yang ketiga, susunan pada senarai lama 12 petunjuk-petunjuk antarabangsa telah pun dipinda mengikut susunan perkara yang diawasi, iaitu:-

- a) Arah-aliran taraf kesihatan
- b) Pelaksanaan Jagaan Kesihatan Asas
- c) Pembangunan sistem-sistem kesihatan berdasarkan pada Jagaan Kesihatan Asas
- d) Sumber-sumber kesihatan
- e) Arah-aliran cara hidup sihat dan alam persekitaran
- f) Kependudukan dan aliran sosio-ekonomi

Pengawasan Rangka Umum ketiga telah dapat menambahkan lagi dua jenis maklumat, satu berkaitan dengan aliran kecacatan dan yang lagi satu berkaitan dengan cara hidup sihat dan alam persekitaran.

Sebagai tambahan, maklumat bagi matlamat-matlamat pengawasan untuk pembangunan, perlindungan dan keselamatan kanak-kanak melalui 27 petunjuk-petunjuk yang disyorkan dalam Persidangan Kemuncak Sedunia bagi Kanak-Kanak pada bulan September 1990 telah dimasukkan ke dalam pengawasan Rangka Umum seperti dicadangkan oleh WHO/UNICEF.

PETUNJUK-PETUNJUK BAGI PENGAWASAN DAN PENILAIAN STRATEGI DIPERINGKAT KEBANGSAAN

Petunjuk-petunjuk di dalam buku petunjuk-petunjuk KUS ini telah pun dikategorikan mengikut perkara-perkara seperti berikut:-

- a) Petunjuk-petunjuk sosial dan sosio-ekonomi
- b) Petunjuk-petunjuk taraf kesihatan
- c) Petunjuk-petunjuk masalah kesihatan tertentu
- d) Petunjuk-petunjuk kemajuan perkhidmatan kesihatan

Petunjuk-petunjuk ini mencerminkan kedudukan dalam negeri dan kaedah pengiraan petunjuk-petunjuk ini mungkin berbeza sedikit daripada itu yang biasa diguna oleh Pertubuhan Kesihatan Sedunia.

Walau bagaimanapun, kesemua petunjuk-petunjuk antarabangsa boleh didapati dalam senarai petunjuk-petunjuk kebangsaan ini, samada dalam bentuk asal ataupun telah diubahsuai.

Kebanyakan petunjuk-petunjuk ini diberi dengan lebih terperinci mengikut pecahan kawasan, jantina dan kawasan bandar/luar bandar.

Petunjuk-petunjuk ini harus digunakan bagi mengawasi dan menilai strategi-strategi pelaksanaan program-program kesihatan di peringkat operasi. Adalah penting bagi pengurus-pengurus program memberi tindakbalas mengenai kesesuaian dan kegunaan petunjuk-petunjuk ini. Ini akan dapat membantu Kementerian dalam penilaian secara menyeluruh terhadap kemajuan ke arah strategi kebangsaan bagi Kesihatan Untuk Semua.

INTRODUCTION

INDICATORS FOR MONITORING AND EVALUATION OF STRATEGY FOR ALL

THE GLOBAL STRATEGY

This is the twenty first edition of the "Indicators For Monitoring And Evaluation Of The Strategy For Health For All" since the first Common Framework for evaluation (CFE) was carried out in 1985. The global indicators have remained unchanged ever since. These indicators represented the essential minimum for member countries of WHO to evaluate their own national strategy towards HFA goals.

Following each alternating cycle of monitoring and evaluation by the member countries and by the regional coordinating centres, the Executive Board of the WHO and the World Health Assembly was able to evaluate the HFA strategy globally. With each global monitoring and evaluation, the list of indicators was modified to ensure that it was adequate. In the course of the global reviews, the list of indicators was supplemented by sub-indicators and additional indicators to facilitate country monitoring and evaluation.

THE INDICATORS FOR MONITORING AND EVALUATION OF THE GLOBAL STRATEGY

The first CFM was carried out in 1982 followed by a CFE in 1985. The second CFM was in 1988, again followed by a CFE in 1991. The third CFM was carried out in 1994 and again followed by a CFE in 1997.

The areas covered in the early CFM and CFE are essentially the following:

- a) Monitoring and evaluation process and mechanism*
- b) National health policies and strategies*
- c) Development of health systems*
- d) International action*
- e) Availability of health care*
- f) Health and socio-economic status*

In the present CFM 3, the order of the original list of 12 global indicators has been rearranged to match the sequence of the areas monitored viz,

- a) Trends in health status*
- b) Implementing of primary health care*
- c) Development of health systems based on PHC*
- d) Resources for health*
- e) Trends in healthy lifestyles and environment Population and socio-economic trends*

The CFM3 has attempted to incorporate two additional information, one on disability trends and the other on healthy lifestyle and environment.

In addition, information for monitoring the goals for child survival, development and protection via 27 indicators recommended by the World Summit for Children in September 1990 was included as proposed by WHO/UNICEF for a mid-decade review of the progress made towards achievement of major goals by the Year 2000.

THE INDICATORS FOR MONITORING AND EVALUATION OF THE NATIONAL STRATEGY

The indicators in this current issue of the monitoring and evaluation of strategy for HFA have been categorised under the following:

- a) Social and socio-economic indicators*
- b) Health status indicators*
- c) Specific health problems indicators*
- d) Health services improvement indicators*

These indicators reflect the national scenario and the derivation and method of computation for some of these may differ slightly from WHO conventional formulae.

However, all the global indicators (other than those in the form of policy statements) are to be found in the national indicators either in their basic form or adaptations of these.

Where relevant, many of the indicators are given in desegregated values by geographical entities, sex and rural & urban dichotomy.

These indicators should be used to monitor and evaluate the strategies of implementation of health programmes at the operational level. It is of utmost importance that programme managers provide periodic feedback as to the validity and usefulness of these indicators. This will eventually assist the Ministry in the overall evaluation of progress made towards the national strategy for health for all.
